## Model #: TVI-PRO1

### TuneView Remote Control for iPod Pro (Multiple Remote Access)

#### Highlights

- Supports Multiple Remotes
- Designed for CEDIA Professionals
- A new wireless way to manage your music
- Connect your iPod to a Stereo or TV
- Browse and control the iPod with the LCD remote

#### Description

TuneView Pro for iPod provides a new wireless way to manage your music throughout your house or office. TuneView Pro for iPod consists of a universal iPod dock, 2-way RF remote with color LCD screen, a USB power adapter, audio and USB cables, and selected dock adapters. The TuneView Pro dock may also be used to sync an iPod with a PC or Mac.

The TuneView Pro Remote is unlike any iPod remote you've used before. It features a color LCD screen that enables you to remotely view the contents of your iPod -- and it currently supports four languages (English, French, German and Spanish).

Both the TuneView Pro dock and TuneView Pro remote are USB devices that can be updated via a firmware download (just like an iPod). Over time we will release firmware updates that add new capabilities to TuneView Pro.

#### System Requirements

For use with all 4G and 5G iPods with dock connector, including:

- iPod with video (30GB, 60GB, 80GB)
- iPod nano (1GB, 2GB, 4GB, 8GB)
- iPod with color display (20GB, 30GB, U2, 40GB, 60GB)
- iPod (20GB, U2, 40GB)
- iPod mini (4GB, 6GB)

This product has been designed specifically to work with iPod and has been certified by Keyspan to meet Apple performance standards.

#### Package Includes

- iPod dock
- LCD Remote
- USB Power Adapter
- USB cable (USB A to USB B mini 5 pin)
- Audio cable (3.5mm stereo to dual RCA)
